SHORT TERM COURSE ON ENERGY MANAGEMENT & AUDIT
Fourteen Batch

Dear Sir,

You will be happy to know that IISWBM got good response in the last thirteen batches of short-term course on Energy Management and Audit which were held during 2007-2016 at IISWBM. The modern era of management includes management of energy systems which are becoming more and more efficient with higher degree of sophistication calling for continuous update and capacity building of the concerned people. As per Energy Conservation Act 2001, the Bureau of Energy Efficiency (BEE), Govt. of India, calls for application for the CEM/CEA examination each year. To gain advantage with this enrichment in the modern era with PAT, ISO 50001, Renewable Energy Obligations, ESCert, power trading in the offing and help prepare the candidates for such forthcoming examinations, IISWBM has scheduled to start the fourteen batch of the "Short-term Certificate course (STC) on Energy Management and Audit" on 28th August, 2017. Also, those who would be able to successfully complete the CEM or CEA examination of BEE, they become eligible to appear in CEM International examination of AEE (USA). The institute extends support to all the alumni of previous STC to help prepare for the examination and to resolve day-to-day issues in energy management, even after completion of the course, through discussion forum.

Nominations are, therefore, invited from industries and/or participants for the fourteen batch of the course scheduled to be held during August 28 – September 9, 2017 (in view of 18th National Certificate Examination for CEM & CEA to be held on 23-24 September 2017) for Two-weeks full time (Class timing: 9:00 AM-6:15 PM). The fees will be INR 25000/- per participant as mentioned in the enclosed brochure which is to be submitted by 24th August 2017.
